KELSEY
NURSERY
SERVICE

Special Advance Offers *for Spring, 1921*

Order early to avoid the rush:

And at the same time secure first selection.

KELSEY
NURSERY
COMPANY

All experienced planters recognize that orders placed early for planting material required for this Spring or next Autumn is advantageous. With this in mind, we suggest you consider NOW the special offers herein noted and send us now your list and order before other matters claim your attention.

Orders sent us now will receive our usual careful attention, for shipment as soon as possible for the best results.

In view of the trend to "normalcy" both as to wages and labor which have forced many to forego much contemplated planting and have put many staple articles on the toboggan toward lower prices, all indications are that 1921 will be a normal planting year and will afford excellent opportunity to make up for lost time in plantings which were deferred owing to the conditions heretofore prevailing.

Our complete assortments, efficient service, low prices, excellent packing and shipping facilities, combined with the greatly improved freight shipments, now free from all embargoes, insure freedom from vexatious delays, whether forwarded by express or freight, and favorable results.

These conditions place this company in an excellent position to give you the best of service and attractive prices.

"Everything Worth Planting"

WE QUOTE IN THIS LIST SPECIALTIES from our complete assortment of EVERGREENS, DECIDUOUS TREES, FLOWERING SHRUBS, VINES, HARDY PERENNIALS, FRUITS, etc. Of the stock herein quoted, we furnish 250 or more at the 1,000 price; 50 or more at the 100 price. At these special offer prices, transportation is borne by the purchaser. Necessary containers for packing at cost. Claims on account of errors or for deductions to be reported promptly within ten days after receipt of goods.

F. W. KELSEY NURSERY COMPANY

50 CHURCH STREET

ESTABLISHED 1878

NEW YORK, N. Y.

PHONES:—CORTLANDT 6380 • 2123

ORNAMENTAL TREES

Fine, healthy trees for early and permanent effect.

	10	100	1,000
LOMBARDY POPLAR (<i>Populus Fastigata</i>)			
4- 6 ft.		17.50	150.00
6- 8 ft.		22.50	175.00
8-10 ft.		30.00	275.00
10-12 ft.		37.50	340.00

NORWAY MAPLE (<i>Acer Platanoides</i>)			
8-10 ft. (1-1½ in.)	13.50	110.00	1000.00
10-12 ft. (1½-2 in.)	15.00	125.00	1100.00
12-15 ft. (2-2½ in.)	18.50	167.50	1500.00
14-16 ft. (2½-3 in.)	22.50	245.00	2200.00
15-18 ft. (3-3½ in.)	30.00	310.00	2950.00

SUGAR MAPLE (*Acer Saccharum*). Same as Norway Maple.

Selected Native Trees.

6- 8 ft.	22.50	195.00
8-10 ft.	47.50	390.00
10-12 ft.	85.00	700.00

These are just a few of our complete assortment for early order at attractive prices. Our stock includes all the desirable varieties of Oaks, Elms, Lindens, Poplars, Maples, Dogwoods, Ash, Beech, Birch, Planes, etc.

TREE SURGERY

Do not delay too long. Large trees are costly and difficult to successfully transplant. Our expert "tree doctors" give prompt and efficient service. Our charges are very reasonable. Now is a good time for this work. Let us know soon what work you may wish to have looked after this Spring. All work done with due regard for season, habits of growth, and desired results.

PRACTICAL RESULTS—"Your service appears to be quite satisfactory. I noticed your men at work and was particularly pleased with their knowledge of the subject and the industry they displayed on the job."

PLANTING LISTS

FURNISHED COMPLETE AT LOWEST PRICES.

For many years this has been a special feature of this company, being more and more appreciated by all purchasers as a decided advantage not usually obtainable from single nurseries. If you don't see in this list all that you require, send us your list for our special quotations.

"All items of order received and very satisfactory plants."

LARGE SHRUBS

Where immediate effect is desired, we recommend the use of the extra size shrubs which we are offering in the desirable varieties. For thousand lots or car lot assortments, we are in position to make unusually attractive propositions. Ask for quotation on your requirements.

BOUNDARY SCREEN OF LOM-BARDY POPLARS

HARDY FLOWERING SHRUBS

A few special kinds.

All varieties and sizes furnished and quoted on request.

2 Year, Extra Heavy..... 30.00 265.00

HERBACEOUS PERENNIALS:

As the careful selection of hardy perennial plants is most vital in obtaining desired results, we give this point our careful attention and furnish only plants such as we ourselves use for this purpose. All the leading varieties of flowering plants in the more popular sizes and in clumps. Ask us for prices on your planting list.

FRUITS AND NUTS:

We have for many years been a leading source of dependable and true-to-name Fruit and Nut trees in all of the more popular commercial and orchard varieties, in all grades and bearing age. We have unexcelled facilities for packing and shipping to insure best results at a minimum risk. We are also prepared to offer suggestions as to most practical varieties and to confer on new orchard and commercial plantations. Let us know your wishes.

The shipment of nearly fifteen thousand trees to the Pacific Coast the past season, two or three weeks on the way, indicates both the quality of our stock and excellent system of packing.

"Shipment of trees arrived today and we want to say that it is a very fine lot of trees. Our fruit inspector said that he had never seen a nicer lot of trees come into the State of Washington."

HEDGE PLANTS

100 1,000

JAPANESE BARBERRY (*Berberis Thunbergii*)

100 1,000

CLIMBING ROSES, 2 years.... 35.00 280.00
Dor. Perkins, Excelsa, Hiawatha, Dr. Van Fleet.

ROSES

In addition to these very special offers of Climbing Roses, we have some fine, well rooted plants in other varieties of Climbers and Ramblers. Also in the leading varieties, flowering size, of Everblooming, Hybrid Perpetual and other hardy bearing Roses. Special quotation on request. Our suggestions for your Rose Garden may be of considerable service to you, and we should welcome an opportunity to confer with you.

KELSEY NURSERY SERVICE

Are you having trouble with your landscape and planting improvements? We extend you without charge or obligation the benefits to be derived in consulting with us regarding these improvements.

From our more than forty years of practical experience and observation in the most effective landscape plans and planting both in this country and in Europe, we are frequently consulted by our patrons and prospective customers regarding both landscape plans and the planting material adapted thereto. This practical information also obtains from our many years of experience in furnishing the leading parks and country estates with the requisite planting material.

Where superintendents or head gardeners may be required, we have a similar system to that in vogue by the leading commercial banks regarding credits, in ascertaining the characters, efficiency, qualifications, etc., regarding competent men for filling such positions. This feature is especially appreciated by the owners of country estates who desire in a direct personal way, from a responsible source, such information without advertising, men to fit into the needed requirements. And as a large part of the satisfaction to the owners of country estates results from having a thoroughly competent and trustworthy man in charge, this feature of this company's service is unique and, we believe, invariably satisfactory.

BOX-BARBERRY. See Special Offer, page 3.
HONEY LOCUST (*Gleditsia Triacanthos*)

18-24 in. Seedlings, well rooted.....	25.00	1,000

HARDY-HYBRID RHODODENDRONS

A Rare Opportunity

Although these superb shrubs are becoming more and more scarce—especially of the fine, bushy, budded

plants in the best named and hardiest varieties and in *extra sizes*, such as we offer—we are fortunate in having a large stock available for prompt order in flowering plants and good assortment of the finest varieties and colors, including

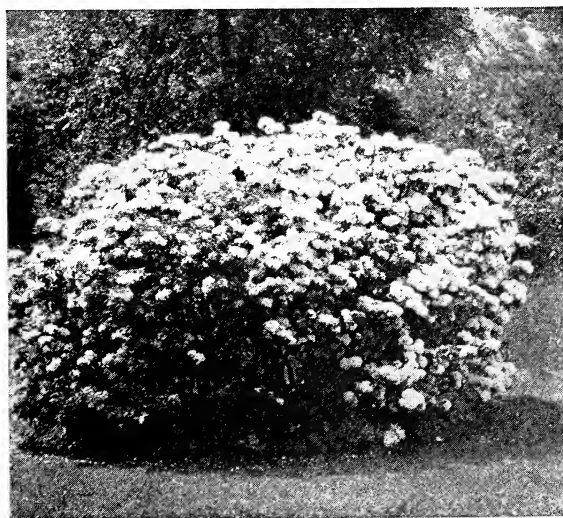

Chas. Bagley (Red)
The Queen (White)
Lady Armstrong (Pale Rose)
Everestianum (Rosy Lilac)

Parson's Gloriosa (Blush White)
Chas. Dickens (Scarlet)
Old Port (Plum Color)
Kettledrum (Purplish Crimson)

And others of the most distinct and brilliant kinds, quoted until sold at the following very special offer prices; each with good ball and selected for immediate effect.

Selected 1½-2 ft.....	\$250.00 per 100	XX 2½-3 ft.....	475.00 per 100
Extra 2-2½ ft.....	375.00 per 100	XXX Selected 3 ft.....	585.00 per 100

Order early such of these beautiful shrubs as you may wish, and obtain the permanent, magnificent effects, for many years a feature on many country estates all through the East, from our selected, hardy and reliable plants.

Great American Rosebay (Rhododendron Maximum) and Mountain Laurel (Kalmia Latifolia)

Also one of our leading Specialties for forty years. And the quality and reliability of our stock are unsurpassed.

Carefully selected, bushy plants with ball, in carlots, at the following very special prices.

There is so much to be gained through early plantings of this forestry material, we suggest you send us directly your orders, or lists for special quotation. With our long standing resources for efficiently and carefully executing orders for this material, we are equipped to give all orders prompt attention and to get shipments on their way without undue delay.

TREE SEEDS

This has been headquarters for many years for forest tree seeds, both imported and native varieties, in quantity; fresh crop and highest germinating quality, as we have furnished many of the State and Governmental Departments, as also private users. In view of bumper crops in many varieties last season and a scarcity of dependable collectors during the collecting season available supplies are somewhat limited; but on prompt orders, we no doubt can furnish your requirements.

SEEDLINGS AND TRANSPLANTS IN NURSERY
